

Remote Trainings

Why should you take an **online SAFe certification** course with us?

- **Acquire Business Agility competencies**
Crises like COVID-19 now require the individual and entrepreneurial skills and competencies of Business Agility like never before.
- **Experience a bit of normalcy**
Many people now appreciate the opportunity to connect with others online, spend a few exciting days together, experience a certain normalcy and maybe even laugh a little together.
- **Flow Sphere course quality**
As Flow Sphere, we guarantee the highest course quality and the best learning experience for your remote training.
- **After Course Support**
After the course, we offer one-on-one sessions to deepen the material with you personally and to optimize your certification success.

With SAFe® 5 certification

SAFe® Remote-Training

With SAFe® 5 Certification

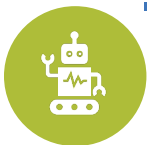

Based on version 5.0 of SAFe

Best remote experience

Our Academy Studio Livestream transforms your home office into a virtual classroom.

- **Academy Livestream**
A director dynamically creates different screen settings, so you can benefit from teacher explanations on the presentations, flipchart, videos, SAFe Big Picture, and more.
- **Group Work**
With other participants a group work is carried out in virtual breakout-rooms.
- **Interactive Exercises**
The Interactive exercises are done using intuitive web collaboration tools.
- **Trainer Live Exchange**
Is ensured in group discussions and continuously via chat by multiple SAFe rockstar trainers having SAFe black belts called SPCT.
- **Variety & Fun**
As always, we make sure that the lessons are varied, well structured and peppered with some surprises.

Best-in-Class Tools

We have put together a range of the most modern online tools for you, which you can also use well in your office, for example for distributed PI Planning.

The tools are very simple and intuitive so that they support learning and collaboration and do not distract from it.

- Professional live streaming
- Online collaboration tools such as interactive whiteboards, group chat and video rooms

Super Participant Feedback

"Amazing way of presenting and group work given that we were not together in the same room."

"Good mix between presentation, group work and breaks."

"I enjoyed the course a lot, I got to know a lot of new things and appreciated the effort of the instructors to run the course online."

Best SAFe Trainers

Flow Sphere is the SAFe specialist with the highest density of absolute SAFe experts in Switzerland.

We are the people who train other SAFe trainers and coaches. So, get the knowledge right at the source.

- Our trainers are SAFe SPCTs and the T makes a big difference. Check out SAI <https://www.scaledagile.com/spct-certification/>
- All trainers have many years of experience as trainers and coaches in different companies from different industries.
- The trainers use many vivid examples from real engagements, so that the theory becomes livelier, more tangible and understandable.
- Our courses receive top ratings.

After Course Support

Your learning success is important to us, your journey with us continues after the course.

- We offer free one-on-one sessions to deepen the material and to ensure your certification success.
